

FUTURE ADDITION TO BEYOND BOUNDARIES!

MOBILE THERAPY UNIT (MTU)

Since 2004, patients from near and far have sought out medically based OT, PT, and Speech services from Beyond Boundaries Therapy highly qualified and specialized team of therapists. Beyond Boundaries offers services at two state-of-the art clinics (one nestled in a quiet neighborhood off So. University Dr. and one just off 45th St. So.), in the client's home, daycare or school.

Beginning summer 2021, Beyond Boundaries therapists will be going on the road with our state-of-the-art mobile therapy unit.

Q: What is it the mobile therapy unit (MTU)? **A:** The MTU is a fully renovated school bus designed to provide space for *Therapy on the Go!* We will help bridge the transportation and work barriers that may be keeping children from receiving needed medically based therapy services. We will travel to serve you in your community, providing medically based therapy that is family and goal centered. Beyond Boundaries Therapy is dedicated to deliver innovative therapy services that address the unique needs of children in the rural communities. By meeting families directly in their community, we can provide a trustworthy and convenient therapy experience.

Q: What medically based areas can you address in therapy? **A:** Areas addressed may include (but not limited to): sensory integration, attention, focus, executive function, behavior, feeding, visual skills, social & peer interaction, motor coordination, pediatric incontinence, strength, and endurance.

Q: Will insurance cover the cost of therapy for my child? **A:** Medically based therapy is typically covered by insurance. We will work with you prior to service starting to help obtain all details regarding your coverage and physician order.

Q: How often will the MTU serve in my community? **A:** The goal would be to spend a day in a given community on a weekly basis, with clients being seen for services from 9:00 am to 3:30 pm (consideration for travel time to and from Fargo). Weekly locations will be determined based on the interest and need in that area.

Q: How do I start the process to receive therapy services in my community? **A:** Contact Beyond Boundaries to express your interest. They will keep track of the interest and locations that will be served. valuations will be completed, and individualized plans of care will determine both frequency and duration of sessions.

If you are interested in the Mobile Therapy Unit providing services in your community, please contact LaDonna or Laura @ 701.356.0062. ladonna@beyondboundaries.us laura@beyondboundaries.us
